VLBG-10.9

VIP-Load ring thread with 10.9 bolt.

RUD RFID CONNECT IT

PRODUCT FEATURES

- Large WLL range 0.3 t–4 t.
- Captive yet exchangeable 10.9 bolt.
- The clamping spring reduces noise and ensures the suspension ring stays in the desired direction. This allows for easy hinging of the lifting means and provides a compact, flat design when folded.
- All sizes with DNV certification.

360° rotatable, pivots 180°.

Clear marking of the minimum WLL.

Off centre split force introduction.

Clamping spring.

- Lift bail adjustable in force direction.
- Comprehensive range of threads.
