

ELECTRIC HOIST
电动葫芦

SG

FEATURE:

A. Aluminium Body
B. Quality chain is supplied by FEC Japan.
C. Most tensile safety hooks without break
D. Compact and high efficient motor with heat protection device
E. Choose double speed motor,big power and different voltage are available
F. Push button is with 24V low voltage to guarantee safety and limit switch system
G. Sensitive break system .Friction disk without asbestos
H. Choose presice process of high tensile helix gear working system to keep lower noise
I. Enough Chain bucket set. space to suit different lifting longth
J. IP54 protection on electric hoist for dust and water protection
K. Ins class: F
